"For God so loved the world that He gave His only begotten Son, that whoever believes in Him should not perish but have everlasting life." John 3:16 NKJV

Philippines Trip

In August of 2006 Airborne was able to take a trip to the Philippines to place **FOUR** more JET Pacs, two of which were donated by BGEA (Billy Graham Evangelistic Association). The training and outreach was a great success, thank you for all of your prayers and support. More people are now coming to know the Lord as a result your investment in this ministry. While we were there dad and I were also able to help with the orphanage that Mike and his wife Luz have been working on.

Island to Island in the Philippines

To the left is the new facility for the orphanage that Mike and Luz have been building on the island of Negros. When finished, the building will provide the needed room for teaching and living space for the children and staff.

The training session in the Philippines went exceptionally well. The nationals were quick to learn and eager to spread the word!

The orphanage will be a place of great safety and shelter for many children like you see here. Mike and Luz are doing a great work here and would greatly appreciate your prayers and support.

Varr, one of the pastors we trained in the Philippines, uses his motorcycle to travel with the Jet Pac and plant churches!

Mike McPeek is the Director of Western Operations and has been on Airborne Ministry's staff since 1997. He spoke about time one Sunday while we were on the island of Negros. Time is very important and how we use it for the Lord is even more critical! [Use your time for Jesus and see what happens!](#)

CONTACT INFO

Call or write we would love to hear from **you!**

Please mail donations to:
Airborne Ministries
PO Box 313
Thompson's Station TN
37179

Note account # only if for
Mike or Jason's support

The Skymaster is operating beautifully and is a great tool for what God is doing with AMI here in the USA and the Caribbean. What a blessing! Thank you for your continued support.

Our desire is to place JET Pacs in Bible Schools all over the world! Think of the amazing outcome that would result. Graduate national pastors being able to use the equipment for church planting to further the Kingdom of God! Mildred Flach, my great aunt, has sponsored a JET Pac. We are planning our trip to place this equipment at a bible school in South America. Consider sponsoring a JET Pac for a national bible school!
Thanks Aunt Mildred for helping spread the gospel!

Information

If you, your church, mission or bible school is interested in what we do, we have a four minute informational DVD that is available upon request.

If you are interested in a Fly-In please call or e-mail us for more information.

Dad and Aunt Mildred in front of the Skymaster

The JET Pac funds for our next trip are 50% raised, thank you for your continued investment in the Kingdom!

Financial Needs

- Funds for two more JET Pacs
- Support for Jason & Mike
- Traveling Expenses
- Operational Costs
- JET Pac Placement and Training
- Research and Development
- Funds for purchase of Skymaster needed for Western Region and Mexico
- Macintosh computer for Mike

Change

God has been speaking to me about changes in my life. I recently moved from my home in Florida, to beautiful Arkansas to help my dad in the ministry. In doing this I had no clue as to what God was going to have me do, but I decided that He knows best and to just let Him take control. I have experienced a joy that only Jesus can bring, a feeling that I want all of you to possess. Please remember that Jesus is the only way to experience true joy.

Jason Duncklee

Airborne Ministries exists to reach the un-reached with the Gospel of Jesus Christ. We use aviation, technology and the Jesus film to bring the gospel into the remote regions of the world.

Thank you for your prayers and continued support!
